

BRAININFO 2025

Forward

The Tenth International Conference on Neuroscience and Cognitive Brain Information (BRAININFO 2025), held between March 9th, 2025, and March 13th, 2025, in Lisbon, Portugal, continued a series of international events that evaluate current achievements and identify potential ways of making use of the acquired knowledge in neuroscience, brain connectivity, brain intelligence paradigms, cognitive information, and specific applications.

The complexity of the human brain and its cognitive actions prompted extensive research for decades. Most of the findings were adapted in virtual/artificial systems with the idea of modeling them and used in a brain-like manner for human-centered medical cures, especially for neurotechnology. Information representation, retrieval, and internal data connections still constitute a domain where solutions are either missing or in a very early stage.

We take here the opportunity to warmly thank all the members of the BRAININFO 2025 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to BRAININFO 2025. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the BRAININFO 2025 organizing committee for their help in handling the logistics of this event.

We hope that BRAININFO 2025 was a successful international forum for the exchange of ideas and results between academia and industry for the promotion of progress in the areas of neuroscience and cognitive brain information.

BRAININFO 2025 Chairs

BRAININFO 2025 Steering Committee

Erwin Lemche, Institute of Psychiatry, Psychology & Neuroscience | King's College School of Medicine and Dentistry, UK

Yu-Dong (Eugene) Zhang, University of Leicester, UK

Chih Lai, University of St. Thomas Minnesota, USA

William Speier, UCLA David Geffen School of Medicine, USA

Sule Yildirim-Yayilgan, Norwegian University of Science and Technology, Norway

Ricardo Ron-Angevin, University of Málaga, Spain

Rory Lewis, University of Colorado at Colorado Springs, USA

BRAININFO 2025 Publicity Chairs

Francisco Javier Díaz Blasco, Universitat Politècnica de València, Spain

Ali Ahmad, Universitat Politècnica de València, Spain

José Miguel Jiménez, Universitat Politècnica de València, Spain

Sandra Viciano Tudela, Universitat Politècnica de València, Spain
