

# COGNITIVE 2021

## Forward

The Thirteenth International Conference on Advanced Cognitive Technologies and Applications (COGNITIVE 2021), held on April 18 - 22, 2021, targeted advanced concepts, solutions and applications of artificial intelligence, knowledge processing, agents, as key-players, and autonomy as manifestation of self-organized entities and systems. The advances in applying ontology and semantics concepts, web-oriented agents, ambient intelligence, and coordination between autonomous entities led to different solutions on knowledge discovery, learning, and social solutions.

The conference had the following tracks:

- Brain information processing and informatics
- Artificial intelligence and cognition
- Agent-based adaptive systems
- Applications

Similar to the previous edition, this event attracted excellent contributions and active participation from all over the world. We were very pleased to receive top quality contributions.

We take here the opportunity to warmly thank all the members of the COGNITIVE 2021 technical program committee, as well as the numerous reviewers. The creation of such a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors that dedicated much of their time and effort to contribute to COGNITIVE 2021. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

Also, this event could not have been a reality without the support of many individuals, organizations and sponsors. We also gratefully thank the members of the COGNITIVE 2021 organizing committee for their help in handling the logistics and for their work that made this professional meeting a success.

We hope COGNITIVE 2021 was a successful international forum for the exchange of ideas and results between academia and industry and to promote further progress in the area of cognitive technologies and applications.

### **COGNITIVE 2021 General Chair**

Jaime Lloret Mauri, Universitat Politecnica de Valencia, Spain

### **COGNITIVE 2021 Steering Committee**

Charlotte Sennersten, CSIRO Mineral Resources, Australia  
Jayfus Tucker Doswell, The Juxtopia Group, Inc., USA

**COGNITIVE 2021 Publicity Chair**

Jose Luis García, Universitat Politecnica de Valencia, Spain

Lorena Parra, Universitat Politecnica de Valencia, Spain

**COGNITIVE 2021 Industry/Research Advisory Committee**

Tiago Thompsen Primo, Samsung Research Institute, Brazil

Kazuhisa Miwa, Nagoya University, Japan

Olga Chernavskaya, Lebedev Physical Institute, Moscow, Russia

Paul Smart, University of Southampton, UK
