

HUSO 2025

Forward

The Eleventh International Conference on Human and Social Analytics (HUSO 2025), held between March 9th, 2025, and March 13th, 2025, in Lisbon, Portugal, continued a series of international events bridging the concepts and the communities dealing with emotion-driven systems, sentiment analysis, personalized analytics, social human analytics, and social computing.

The recent development of social networks, numerous ad hoc interest-based virtual communities, and citizen-driven institutional initiatives, raise a series of new challenges in considering human behavior, both in personal and collective contexts.

There is a great possibility to capture particular and general public opinions, allowing individual or collective behavioral predictions. This also raises many challenges, on capturing, interpreting, and representing such behavioral aspects. While scientific communities now face new paradigms, such as designing emotion-driven systems, dynamicity of social networks, and integrating personalized data with public knowledge bases, the business world looks for marketing and financial prediction.

We take here the opportunity to warmly thank all the members of the HUSO 2025 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to HUSO 2025. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the HUSO 2025 organizing committee for their help in handling the logistics of this event.

We hope that HUSO 2025 was a successful international forum for the exchange of ideas and results between academia and industry for the promotion of progress in the field of human and social analytics.

HUSO 2025 Chairs

HUSO 2025 Steering Committee

Christian Bourret, University of Paris East - Marne la Vallée (UPEM), France

Nitin Agarwal, University of Arkansas at Little Rock, USA

Dennis J. Folds, Lowell Scientific Enterprises (LSE), USA

HUSO 2025 Publicity Chairs

Francisco Javier Díaz Blasco, Universitat Politècnica de València, Spain

Ali Ahmad, Universitat Politècnica de València, Spain

José Miguel Jiménez, Universitat Politècnica de València, Spain

Sandra Viciano Tudela, Universitat Politècnica de València, Spain
