

ICCGI 2025

Forward

The Twentieth International Multi-Conference on Computing in the Global Information Technology (ICCGI 2025), held between March 9th, 2025, and March 13th, 2025, in Lisbon, Portugal, continued a series of international events covering a large spectrum of topics related to global knowledge concerning computation, technologies, mechanisms, cognitive patterns, thinking, communications, user-centric approaches, nanotechnologies, and advanced networking and systems.

The conference topics focused on challenging aspects in the next generation of information technology and communications related to the computing paradigms (mobile computing, database computing, GRID computing, multi-agent computing, autonomic computing, evolutionary computation) and communication and networking and telecommunications technologies (mobility, networking, biotechnologies, autonomous systems, image processing, Internet and web technologies), towards secure, self-defendable, autonomous, privacy-safe, and context-aware scalable systems.

We take the opportunity to warmly thank all the members of the ICCGI 2025 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to ICCGI 2025. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the ICCGI 2025 organizing committee for their help in handling the logistics of this event.

We hope that ICCGI 2025 was a successful international forum for the exchange of ideas and results between academia and industry for the promotion of progress in the field of computing in global information technology.

ICCGI 2025 Chairs

ICCGI 2025 Steering Committee

Constantin Paleologu, Polytechnic University of Bucharest, Romania

Peter Kieseberg, St. Pölten University of Applied Sciences, Austria

Yasushi Kambayashi, Sanyo-Onoda City University, Japan

Ulrich Reimer, University of Applied Sciences St. Gallen, Switzerland

Kathryn E. Steckel, University of Texas at Dallas, USA

Juho Mäkiö, Hochschule Emden / Leer, Germany

ICCGI 2025 Publicity Chairs

Francisco Javier Díaz Blasco, Universitat Politècnica de València, Spain

Ali Ahmad, Universitat Politècnica de València, Spain

José Miguel Jiménez, Universitat Politècnica de València, Spain

Sandra Viciano Tudela, Universitat Politècnica de València, Spain
