

ICN 2015

Foreword

The Fourteenth International Conference on Networks (ICN 2015), held between April 19th-24th, 2015 in Barcelona, Spain, continued a series of events focusing on the advances in the field of networks.

ICN 2015 welcomed technical papers presenting research and practical results, position papers addressing the pros and cons of specific proposals, such as those being discussed in the standard fora or in industry consortia, survey papers addressing the key problems and solutions, short papers on work in progress, and panel proposals.

ICN 2015 also featured the following Symposium:

- SOFTNETWORKING 2015: The International Symposium on Advances in Software Defined Networks

We take here the opportunity to warmly thank all the members of the ICN 2015 Technical Program Committee, as well as the numerous reviewers. The creation of such a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and efforts to contribute to ICN 2015. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

Also, this event could not have been a reality without the support of many individuals, organizations, and sponsors. We are grateful to the members of the ICN 2015 organizing committee for their help in handling the logistics and for their work to make this professional meeting a success.

We hope that ICN 2015 was a successful international forum for the exchange of ideas and results between academia and industry and for the promotion of progress in the field of networks.

We hope Barcelona provided a pleasant environment during the conference and everyone saved some time for exploring this beautiful city.

ICN 2015 Advisory Committee:

Pascal Lorenz, University of Haute Alsace, France

Tibor Gyires, Illinois State University, USA

Carlos Becker Westphall, University of Santa Catarina, Brazil

Iwona Pozniak-Koszalka, Wroclaw University of Technology, Poland

SOFTNETWORKING 2015 Advisory Committee:

Eugen Borcoci, University Politehnica of Bucharest, Romania

Pedro A. Aranda Gutiérrez, Telefónica, Spain

Nicola Ciulli, Nextworks, Italy

Marc Sune, Berlin Institute for Software Defined Networks GmbH, Germany

Wolfgang John, Ericsson Research, Sweden
