ICN 2022

Forward

The Twenty-First International Conference on Networks (ICN 2022) continued a series of events organized by and for academic, research and industrial partners.

We solicited academic, research, and industrial contributions. We welcomed technical papers presenting research and practical results, position papers addressing the pros and cons of specific proposals, such as those being discussed in the standard fora or in industry consortia, survey papers addressing the key problems and solutions on any of the above topics short papers on work in progress, and panel proposals.

We take here the opportunity to warmly thank all the members of the ICN 2022 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to ICN 2022. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the ICN 2022 organizing committee for their help in handling the logistics of this event.

ICN 2022 Chairs

ICN 2022 Steering Committee
Eugen Borcoci, University Politehnica of Bucharest, Romania
Pascal Lorenz, University of Haute Alsace, France
Nicola Ciulli, Nextworks, Italy
Shintaro Mori, Fukuoka University, Japan
Yantong Wang, Shandong Normal University, China
Muath Obaidat, City University of New York, USA

ICN 2022 Publicity Chairs
Javier Rocher, Universitat Politècnica de València, Spain
Lorena Parra, Universitat Politècnica de València, Spain
