

# ICWMC 2013

## Foreword

The Ninth International Conference on Wireless and Mobile Communications (ICWMC 2013), held between July 21 and July 26, 2013 in Nice, France, continued the previous events on advanced wireless technologies, wireless networking, and wireless applications.

ICWMC 2013 addressed wireless related topics concerning integration of latest technological advances to realize mobile and ubiquitous service environments for advanced applications and services in wireless networks. Mobility and wireless, special services and lessons learnt from particular deployment complemented the traditional wireless topics.

We take here the opportunity to warmly thank all the members of the ICWMC 2013 Technical Program Committee, as well as the numerous reviewers. The creation of such a broad and high quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and efforts to contribute to ICWMC 2013. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

Also, this event could not have been a reality without the support of many individuals, organizations, and sponsors. We are grateful to the members of the ICWMC 2013 organizing committee for their help in handling the logistics and for their work to make this professional meeting a success.

We hope that ICWMC 2013 was a successful international forum for the exchange of ideas and results between academia and industry and for the promotion of progress in the field of wireless and mobile communications.

We are convinced that the participants found the event useful and communications very open. We hope that Nice, France provided a pleasant environment during the conference and everyone saved some time to enjoy the charm of this city.

### **ICWMC 2013 Chairs:**

#### **ICWMC Advisory Committee**

Dragana Krstic, University of Nis, Serbia  
Magnus Jonsson, Halmstad University, Sweden

#### **ICWMC Industry/Research Chairs**

Yan Zhang, IMEC- NL, The Netherlands  
Christopher Nguyen, Intel Corp., USA

#### **ICWMC Special Area Chairs**

##### **Security**

Georg Neugebauer, RWTH Aachen University, Germany
