

ICWMC 2015

Forward

The Eleventh International Conference on Wireless and Mobile Communications (ICWMC 2015), held between October 11 - 16, 2015 - St. Julians, Malta, continued a series of events addressing wireless related topics concerning integration of latest technological advances to realize mobile and ubiquitous service environments for advanced applications and services in wireless networks. Mobility and wireless, special services and lessons learnt from particular deployment complemented the traditional wireless topics.

The conference had the following tracks:

- Wireless and mobile technologies
- Wireless and mobility
- Performance Evaluation, Simulation and Modeling of wireless networks and systems
- Wireless and mobile network deployment
- Wireless communication basics

Similar to the previous edition, this event attracted excellent contributions from all over the world. We were very pleased to receive top quality contributions.

We take here the opportunity to warmly thank all the members of the ICWMC 2015 technical program committee, as well as the numerous reviewers. The creation of such a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors that dedicated much of their time and effort to contribute to ICWMC 2015. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

Also, this event could not have been a reality without the support of many individuals, organizations and sponsors. We also gratefully thank the members of the ICWMC 2015 organizing committee for their help in handling the logistics and for their work that made this professional meeting a success.

We hope ICWMC 2015 was a successful international forum for the exchange of ideas and results between academia and industry and to promote further progress in the field of wireless and mobile communications. We also hope that St. Julians, Malta provided a pleasant environment during the conference and everyone saved some time to enjoy the beauty of the city.
