ICWMC 2024

Forward

The Twentieth International Conference on Wireless and Mobile Communications (ICWMC 2024), held between March 10th and March 14th, 2024, continued a series of international events on advanced wireless technologies, wireless networking, and wireless applications.

ICWMC 2024 addressed wireless related topics concerning integration of latest technological advances to realize mobile and ubiquitous service environments for advanced applications and services in wireless networks. Mobility and wireless, special services and lessons learnt from particular deployment complemented the traditional wireless topics.

We take here the opportunity to warmly thank all the members of the ICWMC 2024 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to ICWMC 2024. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the ICWMC 2024 organizing committee for their help in handling the logistics of this event.

We hope that ICWMC 2024 was a successful international forum for the exchange of ideas and results between academia and industry and for the promotion of progress related to wireless and mobile communications.

ICWMC 2024 Chairs

ICWMC 2024 Steering Committee
Dragana Krstic, University of Niš, Serbia
Rajat Kumar Kochhar, Ericsson, Sweden
Magnus Jonsson, Halmstad University, Sweden
Sonia Ben Rejeb, Higher Institute of Computer Science (ISI), University of Tunis El Manar (UTM), Tunisia

ICWMC 2024 Publicity Chairs
José Miguel Jiménez, Universitat Politecnica de Valencia, Spain
Sandra Viciano Tudela, Universitat Politecnica de Valencia, Spain
