

INTELLI 2021

Forward

The Tenth International Conference on Intelligent Systems and Applications (INTELLI 2021) continued a series of events on advances towards fundamental, as well as practical and experimental aspects of intelligent systems and applications.

The information surrounding us is not only overwhelming, but also subject to limitations of systems and applications, including specialized devices. The diversity of systems and the spectrum of situations make it almost impossible for an end-user to handle the complexity of the challenges. Embedding intelligence in systems and applications seems to be a reasonable way to move some complex tasks from user duty. However, this approach requires fundamental changes in designing the systems and applications, in designing their interfaces and requires using specific cognitive and collaborative mechanisms. Intelligence becomes a key paradigm and its specific use takes various forms according to the technology or the domain a system or an application belongs to.

We take here the opportunity to warmly thank all the members of the INTELLI 2021 technical program committee, as well as all the reviewers. The creation of such a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to INTELLI 2021. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions. We also thank the members of the INTELLI 2021 organizing committee for their help in handling the logistics of this event.

INTELLI 2021 Chairs

INTELLI 2021 Steering Committee

Carsten Behn, Schmalkalden University of Applied Sciences, Germany
Stefano Berretti, University of Firenze, Italy
Leo van Moergestel, HU University of Applied Sciences Utrecht, Netherlands
Gil Gonçalves, University of Porto, Portugal

INTELLI 2021 Industry/Research Advisory Committee

David Greenhalgh, University of Strathclyde, Glasgow, UK
Paolo Spagnolo, National Research Council, Italy
Luca Santinelli, ONERA Toulouse, France
Lars Braubach, Hochschule Bremen, Germany
Maiga Chang, Athabasca University, Canada
Chin-Chen Chang, Feng Chia University, Taiwan

INTELLI 2021 Publicity Chair

Mar Parra, Universitat Politècnica de Valencia, Spain
Alvaro Liebana, Universitat Politècnica de Valencia, Spain
